

Locally Generated Alternative

(Bakersfield F Street Station Alignment)

Oildale Community Meeting

The Authority invites you to attend a community meeting on Wednesday, June 22 to learn about the Locally Generated Alignment (LGA). The LGA is a 23-mile corridor located between the cities of Shafter and Bakersfield in the Central Valley and has been developed in cooperation with the cities of Bakersfield, Shafter, and Kern County. The LGA is being studied along with the approved Bakersfield Hybrid Alternative in a supplemental environmental document anticipated for release this summer.

The Authority continues to work with the cities of Bakersfield and Shafter, as well as Kern County, local residents, stakeholders, and regulatory agencies to refine an alignment that would minimize environmental and community impacts. This is an opportunity for the community to ask questions and provide comments about the LGA.

Please Join Us: Oildale Community Meeting

Wednesday, June 22, 2016

5:30 p.m. to 7:00 p.m.

Riverview Community Center - Gymnasium
401 Willow Drive, Bakersfield, CA 93308

LANGUAGE AND OTHER NEEDS
